- Web Technologies:** WordPress (Theme/Plugin Customization), SEO (Search Engine Optimization), Database Management (SQL), PHP, Bootstrap
- Tools:** VS Code, Git, Power BI (Basic), MS Office Suite, Canva

WORK EXPERIENCE

Movenetics Digital

June 2024 – August 2024

WordPress Developer & Digital Marketing Intern | Pune, India

- Designed and deployed** fully responsive WordPress websites, ensuring cross-browser compatibility and mobile responsiveness for diverse client needs.
- Optimized website performance** and implemented **basic SEO techniques** (meta tags, keyword optimization) to improve search engine indexing and visibility.
- Managed digital assets** and executed digital marketing campaigns, utilizing analytics tools to track performance and refine strategies.
- Maintained and secured** client websites through regular backups, plugin updates, and security patches, ensuring 99.9% uptime during the tenure.

PROJECTS

Element Labs Inc. Website

Freelance

WordPress Developer

- Developed a scalable corporate website** for a mid-sized business using WordPress, handling the end-to-end lifecycle from requirement gathering to deployment.
- Customized themes and plugins** to meet specific business requirements, delivering a user-friendly interface that increased client engagement.

Online Scholarship Portal

Academic Project

- Developed a dynamic web application using PHP and MySQL to streamline the scholarship application process for students.
- Designed a responsive frontend with HTML, CSS, JavaScript, and Bootstrap, ensuring accessibility across devices.
- Implemented backend logic to securely store student data and manage application statuses efficiently.

Attendance Management System

College Project

- Built a comprehensive web application using HTML, CSS, and JavaScript to automate student attendance tracking.
- Implemented secure authentication for faculty logins and a dynamic dashboard for real-time data entry and reporting.
- Designed an intuitive UI, streamlining the manual attendance process and reducing administrative effort by ~40%.
